

Male Measurement Guide (2)

Measuring an old clothing
(Flats)

By Marble Stitches

Important things to note during this measurement.

- Get a clothing which you consider a perfect fit on your body. This fit is how your new cloth will turn out.
- Get a measuring tape that reads from **0-60** on the inch side. Always start from zero when you measure.
- Ensure cloth is laid on a flat surface.
- It's advisable you don't use a Jean for this measurement.
- Record immediately you take a measurement.

- Neck

Put a tape around your neck and ensure you put in about three fingers in between to serve an allowance for breathing space.

Alternatively, you can also measure your old clothing by starting from a point round the neckhole exactly.

Record it.

- Shoulder

Turn the shirt to the back. Measure from one point of the joining to the sleeve to another. Point A to B as seen in the picture.
